**What's Super-Eco?**

The Company is headquartered in Piraeus and manages a fleet of 5 (five) bulk carriers of good quality and high standard construction and equipment, exceeding the level of internationally recognized safety rules and regulations. Effective and efficient management system performance is fundamental for the Group's long term success and is therefore an integral part of its business plans and strategy. Everyone is expected to take a personal, active and constructive role in drive for flawless, efficient, competitive and customer focused operations. Our philosophy is that shipping is an operationally intensive business where companies have to work in a rapidly changing environment regarding commercial rules and stricter regulations. Shipping is a cyclical and capital intensive business where only those who keep a sharp lookout for opportunities will be rewarded.
